

Bullion Capital Limited (BCL) offers investors highly competitive and transparent access to the physical precious metal market. SMSF Warehouse, acting as an introducing broker for BCL, is excited to offer our clients direct access to physical bullion investing and trading through BCL's online trading platform, MetalDesk. This service offers our clients the ability to buy, sell and securely store physical gold, silver and platinum at the click of a button. Through the provision of comprehensive insurance and secure storage, as well as live access to all financial and accounting records, BCL offers a complete solution for all SMSF administration requirements, maintaining the compliance of assets held within your fund.

MetalDesk has been specifically designed to make physical bullion trading simple, secure and cost effective.

Being a web-based platform, MetalDesk can be accessed 24 hours a day, from anywhere in the world.

### Physical Bullion

Stored in Australian vaults, not a paper contract. Withdraw your bullion at any time. Retain complete ownership and control over your investment

### Secure

Locally stored and insured by Armaguard, verified by Inspectorate, audited by BDO.

### Cost Effective

With prices provided by multiple market participants, avoid dealer spreads and benefit from MetalDesk's exchange based trading platform.

### Platform Features

**Online Trading Platform:** MetalDesk allows you to monitor live market prices and enables instant order execution and trade settlement.

**Full market depth:** shows all the price levels available in the market for each precious metal product traded, giving an indication of total market demand and supply.

**Holdings management:** allows you to monitor your bullion inventory. Interactive charts show your holdings for each precious metal category and for the specific bars and coins held.

**Quoteboard:** provides the ability to gain a snapshot of the entire BCL market.

**Customisable watchlist:** organise and focus your precious metal trading by creating watchlists to keep a close eye on the products that you are most interested in.

**Full account activity reporting:** 24 hour access to live and historic account activity.
